Activities that Both Occupations Have in Common	Similarity of Focus Occupation to Associated Occupation: 93
---	---

Focus Occupation: Registered Nurses (29-1111) Associated Occupation: Respiratory Therapy Technicians (29-2054)	
Work Activities	Exclusivity of Activity
Administer medications or treatments	46
Collect clinical data	56
Communicate technical information	4
Follow infectious materials procedures	52
Follow patient observation procedures	71
Identify body response variations	57
Inventory medical supplies or instruments	67
Lift or transport ill or injured patients	69

Maintain dental or medical records	64
Make presentations on health or medical issues	50
Monitor medical oxygen equipment	89
Prepare medical treatment room	82
Prepare patient reports	66
Prepare patients for tests, therapy, or treatments	70
Set up medical oxygen equipment	92
Set up patient care equipment	75
Take vital signs	56
Understand technical operating, service or repair manuals	6
Use interpersonal communication techniques	10
Use knowledge of medical terminology	40
Use sanitation practices in health care settings	48

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: 85

Focus Occupation: Registered Nurses (29-1111)
Associated Occupation: Respiratory Therapy Technicians (29-2054)

Tools and Technologies	Exclusivity
Airway management products	30
Autoclave and sterilizer equipment and accessories	12
Clinical and diagnostic analyzers and accessories and supplies	18
Computers	1
Content authoring and editing software	1
Diagnostic assessment and exam products for general use	21
Electrocardiography EKG units and related products	20
Industry specific software	1
Information exchange software	1
Intubation supplies	21
Medical ultrasound and doppler and echo imaging products	19
Oxygen therapy delivery systems and devices	13
Positive mechanical pressure ventilators and accessories	31
Pulmonary function testing and treatment products	24
Respiratory humidity and aerosol therapy products	31
Respiratory monitoring products	29
Specimen collection and transport containers and supplies	14
Stethoscopes and related products	14
Syringes and accessories	14
Temperature and heat measuring instruments	6

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
